RD Rocka Fella

BREEDING CONTRACT

Mare Owner: _____ Date: _____
Address: _____ Phone: _____
Alternate Phone: _____
Email: _____

As of February 8th, 2007, we are recommending that all mares breeding to our stallion be vaccinated to protect themselves from the EVA virus. RD Rocka Fella will have his semen checked before each breeding season to find out his status. I hereby agree to breed the mare _____, Breed _____, Registration number: _____, to the stallion RD Rocka Fella, AQHA registration number: 4327394, standing at Lueck Show Horses during the _____ breeding season for a fee of \$ _____. I understand that this fee includes a \$ _____ non-refundable booking fee which will be deducted when the stud fee is paid. Booking fee and a copy of mare's registration papers must be returned with this contract. Total breeding fees must be paid in full prior to first semen request. Breeding season begins February 1st and ends May 1st.

THE MARE OWNER UNDERSTANDS AND AGREES TO THE FOLLOWING:

- I understand that, in addition to the breeding fee, I will be responsible for all costs of the semen shipping process, including a \$250.00 Collection Fee per order and actual shipping charges. Fed-X or UPS will be used for shipping, with expected delivery by 10:00 a.m. the following day. (Check for delivery details for your area.) Same day service will be honored if time, semen availability and situation allow; a counter to counter service is available and a \$35.00 drive to airport fee will be added to shipping. I understand that, while the breeding fee charges will be payable to Brent and Marilyn Ovens / Royalty Farms, I must secure all other charges by a credit card placed on file with Lueck Show Horses. All financial arrangements must be made prior to the first semen request.
- I agree that my mare is in a healthy and sound breeding condition, free from infectious, contagious and transmittable disease. I understand that Royalty Farms strongly recommends a uterine biopsy prior to breeding to discover any hidden bacteria, infection or scarring that could abort my mare or prevent her from conceiving. I agree that only the mare designated on this contract will be inseminated with the shipped semen. A Breeder's Certificate will be issued by Royalty Farms following the birth of my foal.
- On the first day of my mare's heat cycle, I will notify Royalty Farms and have my veterinarian check my mare and determine the day my mare should be bred. I understand that ultrasound is of the utmost importance in choosing the right breeding date to get my mare in foal.
- I understand that the Stallion will be collected on Mondays, Wednesdays and Fridays. I agree to give at least 24-hour notice for each semen shipment. I understand that the semen has been analyzed and tested and that the sperm count, motility, collection and packaging meet industry standards: **FOR SEMEN SHIPMENT - CALL LUECK SHOW HORSES: (319) 310-4894.**
- I understand that the burden of conception is placed entirely on me, the mare owner, and my veterinarian or technician. I understand that the mare must be bred immediately, on the same day semen is received, and proper methods of handling must be used. I agree to have my mare examined by an early ultrasound scan between 14 to 18 days of the last day inseminated and notify Royalty Farms of her pregnancy status. I understand that Royalty Farms recommends that she be re-checked again at 35 days.
- I understand that Royalty Farms, and their agents, will not be held liable for delays in delivery, semen that is lost in shipment, or mishandled in any manner after it leaves Lueck Show Horses. I fully understand and assume the special risks inherent in breeding and transporting semen.
- I understand that if the stallion should die, be sold or become unfit for service prior to settling my mare, I will receive a refund of any breeding fees paid to Royalty Farms and the contract shall become null and void. If my mare should die, be injured, or be declared barren and unable to conceive by a veterinarian (written verification required), Royalty Farms will accept a replacement mare.
- Live Foal Guarantee: I understand that a live foal means that the foal shall stand and nurse. If the mare does not produce a live foal, a return season will be guaranteed by Royalty Farms, providing proper notification confirming the time and reason of death is provided by a veterinarian within seven days.
- Right Of Return: I understand that if my mare fails to conceive or aborts in the contract year, I will have the option of returning the following year.

This contract represents the entire agreement between the parties. No other agreements or promises, verbal or implied, are included unless specifically stated in the contract. This contract is entered into in the State of Illinois and will be interpreted and enforced under the laws of that state.
